

6th Workshop: "Creating the Organic & Printed Electronics Industry in Greece"

Wednesday, 30 October 2013, Electra Palace Hotel, Thessaloniki, Greece

09:00	Registration
09:30	Welcome & Opening Remarks
	Smart Specialization and Key Emerging Technologies
10:00	"RIS ³ for Regional Development: Key Emerging Technologies and the EU Status" Dr. L. Janssen, Policy Officer, European Commission, Belgium
10:20	"RIS ³ for Regional Development: Key Emerging Technologies and the National Status" Dr. E. Sofouli, Policy Planning Division, GSRT, Greece
10:35	"RIS ³ for Regional Development: The Status of Central Makedonia" Mrs. S. Makrantonaki, Vice Governor of Region of Central Macedonia, Greece
10:50	Coffee Break
11:20	"OE Production & Applications: A Platform Supporting the National Priorities" Prof. S. Logothetidis, Director of LTFN, AUTH, Greece
11:40	"RTD & Spin-out Activities in OEs in Patras Area" Prof. J. Kallitsis, Director of AP/HN-RL, University of Patras, Greece
	The European Organic & Printed Electronics Sector
12:00	"Entrepreneurial Activities for OPV and Sensors Applications in France" Dr J. Gavillet, CEA/LITEN, France
12:15	"Commercializing Organic Electronics in Saxony" Dr. D. Gronarz, OEs Saxony, Germany
12:30	"Printocent: Pilot Infrastructure for Printed Electronics" Dr. I. Kaisto, VTT, PrintoCent, Finland
12:45	"Organic & Printed Electronics in Energy: Entrepreneurial Activities" Dr K. Fostiropoulos, HZB, Germany
13:00	"Creating Value for the UK/regional Economy with Organic Electronics" Dr M. Walkinshaw, Centre for Process Innovation/CPI, UK
13:15	"Printing Processes for Organic Electronics Production" Dr. N. Meyer, Coatema Coating Machinery, Germany
13:30	Lunch Break
	Entrepreneurial Activities & Associations in OEs
15:15	"Filling the Gaps in the Commercialization Proceses OLAE: Approach of COLAE Project" Dr. A. Parandian, InnovationFab, The Netherlands
15:30	"HOPE-A: Hellenic Organic & Printed Electronics Association" Prof. S. Logothetidis, Director of LTFN, AUTH, Greece
15:45	"The Hellenic Federation of Printing Media Communication: the Future of Printing Industry" Dr. G. Kokkoris, President of the Hellenic Federation of Printing Media Communication, Greece
16:00	Coffee Break
	Organic Electronics Start-Up and SME Companies in Greece
16:15	"OET: Process Technology and Metrology-Quality Control Tools for OEs" Dr. C. Koidis, General Manager, OE-Technologies, Greece
16:30	"Nanotypos: Nanoimprint Lithography for OEs" Dr. N. Kehagias, Catalan Institute of Nanotechnology, Spain
16:45	"Advent Technologies: Conjugated Polymers for Organic & Printed Electronics" Dr. V. Gregoriou, CEO, Advent Technologies, Greece
17:00	"DEFINE: Fullerene Materials for Organic & Printed Electronics" Dr. K. Porfyraakis, CEO, DEFINE, Greece
17:15	"COMPUCON: Transforming to OEs Industry" Mr. V. Thomaidis, CEO, COMPUCON, Greece
	Venture Capitals & Business Ventures for the Development of OEs Industry
17:30	"Raising Venture Capital for an Organic & Printed Electronics Start-Up" Mr. N. Kalliagkopoulous, Dutch Expansion Capital, The Netherlands
17:45	"Business Opportunities on Organic Electronics in Greece" Mr. S. Panagiotopoulos, Piraeus Capital Management, Greece
18:00	Panel Discussion: OE Industry - a Solution for the Greek Crisis: Steps for Realization (Venture Capitals, National Authorities, Investors, Industrial Partners)
19:00	End of Workshop

OEs contribute to Energy, Lighting, Displays, Bio-Sensors, Electronics, Healthcare, e-Textile, Smart Packaging, Buildings, Signage

The Workshop is supported by the FP7 EU REGPOT Project **ROLEmak** "Reinforce OEs Potential in K. Makedonia"
